Manufacturing Quality Marking Products Since 1880

Catalog 2002

about the company

ABOUT THE COMPANY

Des Moines Stamp Manufacturing Company was established in 1880 and is one of the oldest companies in Des Moines and one of the oldest companies in the stamp industry. The same family has operated the company since 1919. Originally, rubber stamps and brass stencils were the main products sold. Remarkably, more than a century later the same products are still being manufactured. The product line has expanded over the generations to include Perma Stamp pre-inked stamps, engraved signage, notary and corporate seals, mechanical dating and numbering devices, photosensitive aluminum signs and plaques. Manufacturing is performed in a nearly 20,000 square foot facility by dedicated employees with years of experience using state of the art computerized equipment.

Des Moines Stamp is the largest manufacturer of Perma Stamp pre-inked stamps in the United States and has sales representation in 17 states.

The company has branch offices in Sioux City and Davenport, Iowa and Moline and Peoria, Illinois.

Rubber stamp daters

RUBBER STAMP DATERS

STYLE T DATER

This is our highest quality dater used with an ink pad. It is durable and features type band dates that are deep molded and stay centered when stamping.

<u>No.</u>	<u>Size</u>
1	1 3/16" x 2"
2	1 3/8" x 2 1/8"
3	1 1/2" x 2"
4	2" x 2 3/4"
5	2" diameter

LOCAL STYLE DATER

This dater contains a rubber die before or after the date. Maximum height of the die is 5/16".

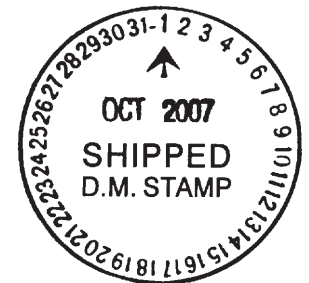

<u>No.</u>	<u>Length of die</u>
2	1"
2 1/2	1 1/2"
3	2"

PAID IN FULL JAN 11 2007

ROTARY DATER

This dater has a long handle that is easy to grasp and dates that are changed by turning a dial. The month and year slugs are furnished and inserted in a slot on the printing surface.

<u>No.</u>	<u>Stamp diameter</u>
1	1 1/2"
2	1 3/4"

ROTARY TIME STAMP

By turning the outer dial, the stamp shows the time in 15 minute increments. The dates are furnished and inserted in a slot on the printing surface.

<u>No.</u>	<u>Stamp diameter</u>
12 hour	2"
24 hour	2"
2910/12 hour ...	2" (with date bands, not slugs)
2910/24 hour ...	2" (with date bands, not slugs)

DATE SETS

Sets consist of months, days and six years. Also sold in a strip with six years. No. 42 is for rotary date or time stamps.

BANK TELLER DATER

Designed for bank tellers to show their initials. This small dater is great when there is limited space to make an impression. The die area is 1/2" long.

TAX DEPOSIT DATER

This dater is used with estimated income tax payments.

CLEVELAND DATER

This dater is used primarily in banks for bond redemptions. Also available in a double dater showing two sets of dates and dies, side by side.

No.	Stamp diameter
401 1/4	1 1/4" x 1 1/4"
402	1 1/4" x 2"
Double	1 1/4" x 2 3/4"

JUNIOR DATER

This dater has a die plate above and below the date. Each die plate measures 5/16" x 1".

REVENUE CANCELLER

This dater has a single die plate above the date. The die plate measures 5/16" x 1".

Numbering and alphabet stamps

NUMBER AND ALPHABET STAMPS

LINE NUMBERERS

When ordering, specify the size and number of bands on the stamp.

No.	Size	Imprint
00	1/16"	2 3 4 5 6 7
0	3/32"	2 3 4 5 6 7
1	1/8"	2 3 4 5 6 7
2	3/16"	2 3 4 5 6 7
2 1/2	1/4"	2 3 4 5 6
3	3/8"	2 3 4 5 6
4	1/2"	2 3 4
5	5/8" characters	
6	3/4" characters	
7	1" characters	
8	1 1/4" characters	

ALPHABET STAMPS

This stamp contains the alphabet on each band. Available in the sizes below with three or more bands. Number bands can be substituted for alphabet bands.

No.	Size	Imprint
RA-0	1/8"	A B C D E F G H I
RA-1	5/32"	A B C D E F G

10	10 stamps	1	30	30 stamps	3
12	12 stamps	1	36	36 stamps	4

STRIP RACK

This rack is designed to be mounted on a wall and is available for 1, 3, 6, 9 or 12 stamps.

PERMA STAMP DESK HOLDER

This convenient, revolving holder is for Perma Stamps. Also available in a wall rack for 6 stamps.

No.	Capacity	Number of wheels
R10	10 stamps	1
R20	20 stamps	2
R30	30 stamps	3

Stamp pads

STAMP PADS

MICROPORE PADS

Our best ink pad. No re-inking required. Available in black, red, blue, green and purple.

No.	Size
1	2 3/4" x 4 1/4"
2	3 1/4" x 6 1/4"

FELT PADS

These ink pads are re-inkable and are available in the same sizes and colors as the Micropore pads.

MARK II PADS

This is a re-inkable, convenient, two sided pad with fast drying ink for non-absorbent surfaces. Black, red or white ink. The size is 2 1/4" x 4 1/4".

DRY CLOTH PADS

These pads are un-inked and used with special inks.

No.	Size	No.	Size
1	2 3/4" x 4 1/4"	7	.4" x 9"
2	3 1/4" x 6 1/4"	8	.5" x 10"
3	4 1/2" x 7 1/2"	9	.6" x 12"
6	.6" x 6"	10	.6" x 8"

Electric stamps ELECTRIC STAMPS

These heavy duty machines have sensitive electric triggers that activate the stamp instantly when paper is inserted. They print clearly through multiple copies. Die plates may be added to print messages above and/or below the date, time or numbers.

ELECTRIC NUMBERING MACHINE

These machines have six number wheels that automatically advance after each impression.

003353

ELECTRIC DATING MACHINE

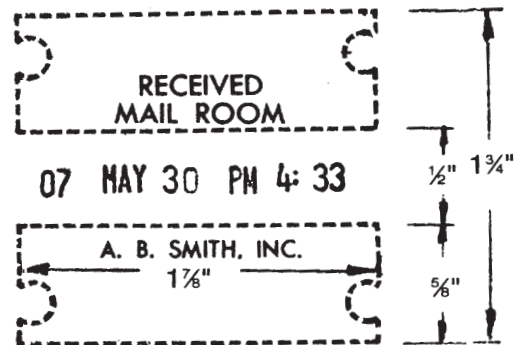

The month, date and year print automatically. The date wheel is easily set and has 10 years. Six number wheels can be added in front of the date to make a numbering/dating device.

MAY 12 07

ELECTRIC DATE/TIME MACHINE

These machines print the date and time to the minute. Six number wheels can be added in front of the date to make a date, time and numbering machine.

07 MAY 30 PM 4: 33

Automatic Numbering Machines

AUTOMATIC NUMBERING MACHINES

These heavy duty, high quality self inking numbering machines have six metal wheels that are adjustable for 5 different movements: consecutive, duplicate, triplicate, quadruplicate and repeat. Machines with up to 16 wheels of numbers and letters are available. They have built in ink pads that are re-inkable or replaceable. Repair service is available. We also stock a less expensive, light duty numbering machine.

Style 19

Style 317

5 6 7 8 9 0

Style 733

1 2 3 4 5 6

RUBBER STAMP INK

For use with rubber stamps on porous surfaces. Available in black, red, purple, blue and green. Do not use rubber stamp ink with numbering machines or other metal wheel marking devices.

MARK II INK

This is a very fast drying ink used on non-porous surfaces. Used in a Mark II pad. See Mark II pad for more information.

OPAQUE INK

This is heavy fast drying ink for non-absorbent surfaces. Used on a dry cloth ink pad. Available in black and white.

INDELIBLE INK

This black ink is used for stamping fabric. It will not wash out or fade with dry cleaning.

INVISIBLE INK

This ink only reveals itself when used under a black light.

NUMBERING MACHINE INK

This is an oil based ink made for numbering machines and other metal wheel marking devices. Available in two ounce bottles in black, red, purple, green and blue ink. Do not use this ink with any kind of rubber stamp or dater.

Steel stamps

STEEL STAMPS

Steel stamps are used manually with a hammer or inserted in a stamping press. Works great on wood, leather, metal and other hard surfaces when a permanent mark is required. Available in custom made stamps or stock letters and numbers.

Ribbed rubber type

RIBBED RUBBER TYPE

Ribbed rubber type is individual, interchangeable pieces of rubber type used to make and change rubber stamps in minutes. Ideal for stamps (or parts of stamps) that change copy often. The backing on the type and the type holder both have ribbed grooves that interlock with finger pressure to hold the type in place.

<u>Style #</u>	<u>Size</u>	<u>Style #</u>	<u>Size</u>
SLF09	GRIPS LIKE A	SLF75	GRIPS
SLF10	GRIPS LIKE	SLF76	GRIP
SLF11	GRIPS LIK	SLF77	GRIP
SLF12	GRIPS LI	SLF78	GRI
SLF13	GRIPS	SLF79	GR
SLF72	GRIPS LIK		
SLF73	GRIPS L		
SLF74	GRIPS		

SO11	Grips Like	SO13	Grips L
------	------------	------	---------

If only numbers are required, substitute SF prefix for SLF prefix. Number sets contain 4 of each number (0-9). SO11 and SO13 contain letters, numbers, a holder and an ink pad. The SO11 holder is 1 1/4" x 3 1/4" and the SO13 holder is 1 3/4" x 3 3/4".

All ribbed rubber type kits contain multiple identical characters in each kit. The more common letters, such as A, contain five A's and the least common letters, such as Z, contain two Z's.

Ribbed rubber type is also available with any custom wording you choose.

ENGRAVED EMBOSSEMENT SEALS

Our deeply engraved seals and thermoplastic counter seals are durable and can last a lifetime.

POCKET NOTARY SEALS

This compact seal makes a sharp impression every time and comes with a leatherette carrying case.

CORPORATE DESK SEALS

This larger seal has rubber feet to protect desks from scratches. The example is size 1, the size 2 is used for large amounts of lettering and has a 2" diameter. They are also available in a cast iron frame for extra heavy duty embossing.

**JOHN W. MARSHALL
4100 MARINE DRIVE
CHICAGO, ILLINOIS 60613**

STATIONERY EMBOSSESSER

Customize envelopes and letterheads with your name and address. Available with up to 3 lines of engraving.

SPECIAL SEALS

We custom make seals with letters or customer furnished artwork.

LEAD SEALS AND PRESSES

This is used to press lead seals on wires to prevent tampering of cases and crates.

Stencils

STENCILS

Our skilled personnel and computerized engraving machines produce quality, time saving stencils.

MYLAR STENCILS

Mylar is a flexible, durable plastic and is used for most applications. Great for flat or curved surfaces.

BRASS STENCILS

Brass is used only for extra heavy duty stenciling on flat surfaces.

ADJUSTABLE BRASS STENCILS

These are separate interlocking brass stencil letters and numbers. They are great for stencils that change copy frequently. Available in 1/2" to 6" characters.

STENCIL INK

Available in spray cans or containers and used with brushes, rollers or felt tip fountain markers. Available in quarts and gallons for porous or non-porous surfaces.

FOUNTAIN ROLLERS

Stencil ink is poured in the handle and released to the roller with a push of a button.

FOUNTAIN BRUSHES

Stencil ink is painted on the stencil with a brush containing a reservoir of stencil ink.

FELT TIP MARKERS

This marker works like a pen for stenciling applications.

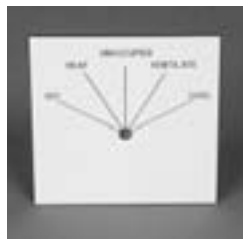

ENGRAVED PLASTIC SIGNS

We have an extensive inventory of engraving material in a variety of colors, sizes and holders. Our state of the art computerized engraving computers guarantee an attractive finished product. The engraving material is durable and the colors are vibrant.

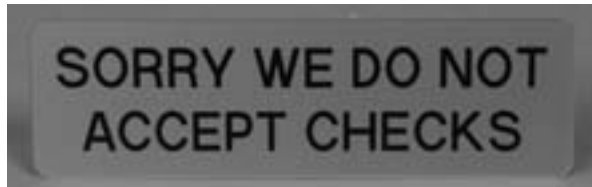

NAMEPLATES

We have a huge selection of colors, materials, letter styles and holders. There are numerous mounting options for desks, walls and partitions.

SIGNS AND PLAQUES

Again, a huge inventory of materials, colors and sizes. Our largest plate is 24" x 27". Plaques are mounted on solid walnut boards.

NAME BADGES

We have a variety of styles and materials. Attachment options are pins, clips, magnets and pocket holders. Logos can be reproduced on name badges.

Engraved Metal Signs

ENGRAVED METAL SIGNS

We have a variety of non-plastic materials that are designed for a variety of applications.

METAL PHOTO

This photosensitive aluminum is versatile and ideal for outdoor use as well as interior signage and plaques. The letters are impregnated in the material making them one of our most permanent materials. Photographs can be reproduced on this material. Available in gold, black or silver.

ENGRAVED BRASS AND ALUMINUM

We engrave in brass and aluminum then fill the letters with paint to make durable, attractive signs or recognition plaques. Recognition plaques are mounted on solid walnut plaque boards.

ETCHED, BAKED ALUMINUM PLATES

The lettering is etched into the material and finished with an epoxy protective cover. Great for inventory tags and other large run applications.

BRONZE TABLETS

Cast in solid bronze with raised letters. This is our most permanent and durable plaque.

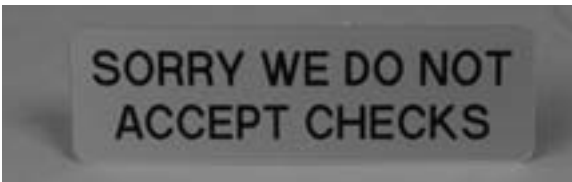

DESIGNER SIGN SYSTEM

This is an attractive interior sign system in a variety of colors, sizes and attachments. We engrave the back of the plastic material then fill the letters with paint to give it a rich, modern appearance at an economical price. There are 10 stock frame sizes but signs can be made any size and installed without a frame.
